

Member to Member News

I am optimistic about the active involvement of the Member Services Team and some of the ideas they have been developing to serve our membership. Our team continues to work on growing our membership every month. We have new member "buddies" to engage our newer members in the work of the Chamber and try to get them involved from the start. We are also on the lookout to add to our team. I am sorry to see Ken Murata leave MBL and the Member Services Team; but, I know that he has big plans for his retirement. We wish him well. —Bill Strong
